Definitions of special educational needs (SEND) taken from section 20 of the Children and Families Act 2014.

A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

(A) have a significantly greater difficulty in learning than the majority of others of the same age; or

(B) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

(A) child under compulsory school age has special educational needs if they fall within the definition: or

(B) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught. special educational needs and/or disabilities in England. New legislation (The Children and Families Act 2014) enacted on the 13th March comes into force from the 1st September 2014. A new SEND Code of Practice also accompanies this legislation.

More details about the reforms and the SEND Code of Practice can be found on the Department for Education's website:

www.education.gov.uk/schools/pupilsupport/sen

One significant change arising from the reforms is that Statements of Special Educational Needs, for those children with the most complex needs, have now been replaced with a new Education, Health and Care (EHC) Plan. These plans are being supported by an Education, Health and Care Plan Pathway. You can view an animation describing this new pathway on Nottinghamshire's SEND Local Offer website:

www.nottinghamshire.SENDdlocaloffer.org.uk

This information is also available by putting the above web address into the browser of a smart phone or tablet.

The SEND Local Offer is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families in Nottinghamshire that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

Aims

- Individual needs are recognised and addressed
- Each child develops a positive self-image
- All pupils are encouraged to develop their potential in a positive, caring environment
- Continuity of provision through a staged response as outlined in the Code of Practice
- Whole school community (staff, pupils, parents/carers, governors, LA, Health and Inclusion Services) work together in a partnership to meet each child's needs
- Positive partnerships with parent/carers are encouraged in planning provision
- Pay due regard to the Equality Act 2010. See E.O. policy and others including Disability Equality Duty

Objectives

- **Identify the needs of pupils with SEND as early as possible.** This is most effectively done by gathering information from parents/carers, education, health and care services prior to the child's entry into the school.
- **Monitor the progress of all pupils** in order to aid the identification of pupils with SEND. Continuous monitoring of those pupils with SEND by their teachers will help to ensure that they are able to reach their full potential.
- **Make appropriate provision to overcome all barriers to learning and ensure pupils with SEND have full access to the National Curriculum.** This will be co-ordinated by the SENCO and class teachers and will be carefully monitored and regularly reviewed in order to ensure that individual targets are being met and all pupils' needs are catered for.
- **Work with parents/carers** to gain a better understanding of their child, and involve them in all stages of their child's education. This includes supporting

them in terms of understanding SEND procedures and practices, providing regular reports on their child's progress, and providing information annually on the provisions for pupils within the school as a whole, and the effectiveness of the SEND policy and the school's SEND work.

- **Work with and in support of outside agencies** when the pupils' needs cannot be met by the school alone.
- **Create a school environment where pupils feel safe to voice their opinions of their own needs.** This means providing regular one to one meetings between pupils and their teacher/SENCO and will be made easier by carefully monitoring the progress of all pupils. Pupil participation is a right. This will be reflected in decision-making but also encouraged through wider opportunities for participation in school life [e.g. membership of the School Council].

Responsibility for the coordination of SEND provision

- The person responsible for overseeing the provision for children with SEND is Ms Rachel Otter
- The person co-ordinating the day-to-day provision of education for pupils with SEND is Mrs Leigh Symmons [SENCO]

Arrangements for coordinating SEND provision

The [SENCO] will hold details of all SEND Support records such as Progress Reports, Plan Do review meeting notes and targets for individual pupils.

All staff can access:

- The Pinewood Infant School SEND Policy;
- A copy of the full SEND Register or alternative school document used for tracking this cohort;
- Guidance on identification in the Code of Practice (SEND Support and pupils with Education, Health and Care Plans);
- Information on individual pupils' special educational needs;
- Practical advice, teaching strategies, and information about types of special educational needs and disabilities
- Information available through Nottinghamshire's SEND Local Offer

This information is made accessible to all staff and parents/carers in order to aid the effective coordination of the school's SEND provision. In this way, every staff

member will have complete and up-to date information about all pupils with special needs and their requirements which will enable them to provide for the individual needs of all pupils.

Admission arrangements

The admission arrangements for *all* pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without.

Facilities for pupils with SEND

The school has a range of specialist SEND facilities in place. These are;

- Disabled toilet access
- Assistive technology when appropriate

Allocation of resources for pupils with SEND

All pupils with SEND will have access to Element 1 and 2 of a school's budget which equates to £6,000. Some pupils with SEND may access additional funding. This additional funding might be from a budget which is devolved to and moderated by the Family of Schools. (The Family of Schools comprises of a secondary school and its feeder primary schools). For those with the most complex needs, additional funding is retained by the local authority. This is accessed through the Family of Schools. The Family SENCO will refer individual applications to a multi-agency panel, which is administered by the Local Authority, who will determine whether the level and complexity of need meets the threshold for this funding.

Identification of pupils needs; A graduated approach:

Quality First Teaching

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as possibly having SEND, they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.
- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.

- d) The SENCO will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need going forward.
- f) If a pupil has recently been removed from the SEND list they may also fall into this category as continued monitoring will be necessary.
- g) Parents/carers will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is formally recorded by the school as being under observation due to concern by parent/carer or teacher but this does not place the child on the school's SEND list. Parents/carers are given this information. It is recorded by the school as an aid to further progression and for future reference.
- i) Pupil progress meetings are used to monitor and assess the progress being made by the child. The frequency of these meetings is dependent on the individual child's needs and progress being made.

SEND Support

Where it is determined that a pupil does have SEND, parents/carers will be formally advised of this and the decision will be added to the pupil's school record. The aim of formally identifying a pupil with SEND is to help school ensure that effective provision is put in place and so remove barriers to learning. The support provided consists of a four-part process:

- Assess
- Plan
- Do
- Review

This is an on-going cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

Assess

This involves clearly analysing the pupil's needs using the teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents/carers. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing. This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome.

and that the interventions being used are developing and evolving as required. Where external support staff are already involved their work will help inform the assessment of need. Where they are not involved, they may be contacted, if this is felt to be appropriate, following discussion and agreement from parents/carers.

Plan

Planning will involve consultation between the teacher, SENCO and parents/carers to agree the adjustments, interventions and support that are required; the impact on progress, development and or behaviour that is expected and a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

Do

The teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class /subject teacher. They will work closely with teaching assistants and /or relevant specialist staff to plan and assess the impact of support and interventions and links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENCO.

Review

Reviews will be undertaken in line with agreed dates. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and their parents/carers. The class teacher, in conjunction with the SENCO will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents/carers and the pupil.

Parents/carers will be provided with clear information about the impact of support to enable them to be involved in planning the next steps.

Referral for an Education, Health and Care Plan

If a child has lifelong or significant difficulties, they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent/carer. This will occur where the complexity

of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for a statement will be taken at a progress review.

The application for an Education, Health and Care Plans will combine information from a variety of sources including:

- Parents/Carers
- Teachers
- SENCO
- Social Care
- Health professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health and social care about whether or the child is eligible for an EHC Plan. Parents/carers have the right to appeal against a decision not to initiate a statutory assessment leading to an EHC Plan.

Further information about EHC Plans can found via the SEND Local Offer: www.nottinghamshire.SENDlocaloffer.org.uk or by speaking to an Education, Health and Care Plan Co-ordinator on: 0115 9774012 or 0115 9773323 or by contacting the Parent Partnership Service on: 0115 948 2888

Education, Health and Care Plans [EHC Plan]

- a. Following Statutory Assessment, an EHC Plan will be provided by Nottinghamshire County Council, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents/carers will be involved developing and producing the plan.
- b. Parents/carers have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the Plan if it differs from their preferred choice.
- c. Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents/carers and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

Access to the curriculum, information and associated services

Pupils with SEND will be given access to the curriculum through the specialist SEND provision provided by the school as is necessary, as far as possible, in line with the wishes of their parents and the needs of the individual.

There is an annual formal evaluation of the effectiveness of the school SEND provision and policy. The evaluation is carried out by the SENCO/Head

Teacher/SEND governor and information is gathered from different sources such as child and parent/carer surveys/teacher and staff surveys/parent evenings/consultation evening/feedback forms/school forums. This will be collated and published by the governing body of a maintained school on an annual basis in accordance with section 69 of the Children and Families Act 2014

Evidence collected will help inform school development and improvement planning.

Complaint procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the SENCO, who will be able to advise on formal procedures for complaint.

In service training (CPD)

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEND. We recognise the need to train *all* our staff on SEND issues. The SENCO, with the leadership team, ensures that training opportunities are matched to school development priorities and those identified through the use of provision management.

Links to support services

The school continues to build strong working relationships and links with external support services in order to fully support our SEND pupils and aid school inclusion. Sharing knowledge and information with our support services is key to the effective and successful SEND provision within our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENCO, who will then inform the child's parents/carers.

The following services will be involved as and when is necessary:

Working in partnerships with parents/carers

Pinewood believes that a close working relationship with parents is vital in order to ensure

- a) early and accurate identification and assessment of SEND leading to the correct intervention and provision

- b) continuing social and academic progress of children with SEND
- c) personal and academic targets are set and met effectively

In cases where more frequent regular contact with parents/carers is necessary, this will be arranged based on the individual pupil's needs. If an assessment or referral indicates that a pupil has additional learning needs the parents/carers and the pupil will always be consulted with regards to future provision. Parents/carers are invited to attend meetings with external agencies regarding their child, and are kept up to date and consulted on any points of action drawn up in regards to the provision for their child. The school's SEND Governor Leanne Handy may be contacted at any time in relation to SEND matters through school.

Links with other agencies and voluntary organisations

Pinewood invites and seeks advice and support from external agencies in the identification and assessment of, and provision for SEND.

- Gedling Education Psychology Service
- Behaviour Support Service
- Social Services
- Speech and Language Service
- Language and Learning Support Service
- Specialist Outreach Services
- Gedling Area Partnership
