 	<p style="text-align: center;">Characteristics of Effective Learning</p> <p>Playing and exploring: - Children investigate and experience things, and 'have a go'. Children who actively participate in their own play develop a larger store of information and experiences to draw on which positively supports their learning</p> <p>Active learning: - Children concentrate and keep on trying if they encounter difficulties. They are proud of their own achievements. For children to develop into self-regulating, lifelong learners they are required to take ownership, accept challenges and learn persistence.</p> <p>Creating and thinking critically: - Children develop their own ideas and make links between these ideas. They think flexibly and rationally, drawing on previous experiences which help them to solve problems and reach conclusions.</p>					
	<p>Unique Child: Every child is unique and has the potential to be resilient, capable, confident and self-assured.</p> <p>Positive Relationships: Children flourish with warm, strong & positive partnerships between all staff and parents/carers. This promotes independence across the EYFS curriculum. Children and practitioners are NOT alone – embrace each community.</p> <p>Enabling environments: Children learn and develop well in safe and secure environments where routines are established and where adults respond to their individual needs and passions and help them to build upon their learning over time.</p> <p>Learning and Development: Children develop and learn at different rates (not in different ways as it stated 2017). We must be aware of children who need greater support than others.</p> <p><i>PLAY: Pinewood, we understand that children learn best when they are absorbed, interested and active. We understand that active learning involves other children, adults, objects, ideas, stimuli and events that aim to engage and involve children for sustained periods. We believe that Early Years education should be as practical as possible and therefore , we are proud that our EYFS setting has an underlying ethos of 'Learning through play. PLAY is essential for children's development across all areas. Play builds on children's confidence as they learn to explore, to relate to others around them and develop relationships , set their own goals and solve problems. Children learn by leading their own play and by taking part in play which is guided by adults.'. EYFS Team</i></p> <p style="text-align: center;"><i>We will ensure that all children learn and develop well and are kept healthy and safe at ALL times.</i></p>

	<p>IT GOES WITHOUT SAYING THAT WE WANT OUR CHILDREN TO REACH THEIR POTENTIAL ACADEMICALLY WHILST HERE AT PINWOOD. BUT EDUCATION IS ABOUT SO MUCH MORE THAN THIS. IN DECEMBER 2016 WE DECIDED TO LINK OUR VISION AND VALUES TO A PINE TREE THEME WHERE WE PROVIDE THE ROOTS IN ORDER FOR CHILDREN TO GROW AND FINALLY HAVE THE WINGS TO FLY ONTO THE NEXT PART OF THEIR EDUCATIONAL JOURNEY. VALUES ARE THE PRINCIPLES THAT GUIDE OUR BEHAVIOUR AND THINKING AS A SCHOOL. THE VALUES WE WANT TO INSTILL IN OUR CHILDREN HERE AT PINWOOD CAN BE SEEN ON THE PINE CONES.</p> <p>OUR SCHOOL AIM IS 'TO MAKE LEARNING IRRESISTIBLE' AS THIS ENCOMPASSES WHAT WE DO AT PINWOOD IN ORDER TO MEET OUR VISION.</p> <p>OUR SCHOOL PRIORITISES RELATIONSHIPS. WE REALLY CARE FOR EACH OTHER AS A STAFF TEAM, FOR OUR CHILDREN AND OUR FAMILIES. PINWOOD IS A LOVELY PLACE TO BE. OUR VALUES ARE NOT JUST LAMINATED ON CLASSROOM WALLS, THEY PERMEATE THROUGH EVERYTHING WE DO AND OUR BEHAVIOURS AS A TEAM. YOU FEEL THE ETHOS OF OUR SCHOOL THE SECOND YOU WALK THROUGH THE DOOR. WE PRIORITISE THE INNER CURRICULUM AS MUCH AS THE MORE EASILY RECOGNISABLE OUTER CURRICULUM. WE WANT OUR CHILDREN TO LEAVE US WITH ACADEMIC INTELLIGENCE, EMOTIONAL INTELLIGENCE AND ETHICAL INTELLIGENCE.</p>

BRITISH VALUES SHARING CIRCLES	Mutual respect We are all unique. We respect differences between different people and their beliefs in our community, in this country and all around the world. All cultures are learned , respected, and celebrated.	Mutual Tolerance Everyone is valued, all cultures are celebrated and we all share and respect the opinions of others. Mutual tolerance of those with different faiths and beliefs and for those without faith. Done through celebrations	Rule of law We all know that we have rules at school that we must follow. We know who to talk to if we do not feel safe. We know right from wrong. We recognise that we are accountable for our actions. We must work together as a team when it is necessary. Class rules	Individual liberty We all have the right to have our own views. We are all respected as individuals. We feel safe to have a go at new activities. We understand and celebrate the fact that everyone is different.	Democracy We all have the right to be listened to. We respect everyone and we value their different ideas and opinions. We have the opportunity to play with who we want to play with. We listen with intrigue and value and respect the opinions of others.	Recap all British Values Fundamental British Values underpin what it is to be a citizen in a modern and diverse Great Britain valuing our community and celebrating diversity of the UK. Fundamental British Values are not exclusive to being British and are shared by other democratic countries.

COMMUNICATION AND LANGUAGE	<p>The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.</p>					
Whole EYFS Focus – C&L is developed throughout the year through high quality interactions, daily group discussions, sharing circles, PSHE times, stories, singing, speech and language interventions, Pie Corbett T4W actions, EYFS productions, Word Aware and Talk Boost interventions. PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT	Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives , and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world . Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others . Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating , and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life .

PHYSICAL DEVELOPMENT FINE MOTOR Continuously check the process of children's handwriting (pencil grip and letter formation, including directionality). Provide extra help and guidance when needed. DAILY OPPORTUNITIES FOR FINE MOTOR ACTIVITIES GROSS MOTOR WEEKLY COSMIC KIDS YOGA LESSON	Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives . Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness , co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination , which is later linked to early literacy . Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence .

LITERACY COMPREHENSION - DEVELOPING A PASSION FOR READING Children will visit the library weekly	It is crucial for children to develop a life-long love of reading . Reading consists of two dimensions: language comprehension and word reading . Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together . Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words . Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing)					
	I can show a preference for a book, song or rhyme.	I can talk about events and characters in a story read to me. I can join in with rhymes and stories. I can fill in missing words from well-known rhymes	I can show interest and answer simple questions about the text I use words that I know to check my reading makes sense	I can demonstrate understanding when talking about what I have read I can repeat words or phrases to check my reading	I am beginning to notice if my reading makes sense and looks right I think about what I already know to help me with my reading I can say rhymes by heart I can sometimes notice errors I know that illustrations can help me make sense of my reading	I can demonstrate understanding of what has been read to me by retelling stories and narratives using my own words and recently introduced vocabulary (ELG) I can use and understand recently introduced vocabulary during discussions about stories, non-fiction, rhymes and poems and during role-play (ELG)

MATHS <i>"Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers." – Shakuntala Devi</i>	Developing a strong grounding in number is essential so that all children develop the necessary building blocks to excel mathematically. Children should be able to count confidently , develop a deep understanding of the numbers to 10 , the relationships between them and the patterns within those numbers. By providing frequent and varied opportunities to build and apply this understanding - such as using manipulatives , including small pebbles and tens frames for organising counting - children will develop a secure base of knowledge and vocabulary from which mastery of mathematics is built. In addition, it is important that the curriculum includes rich opportunities for children to develop their spatial reasoning skills across all areas of mathematics including shape, space and measures. It is important that children develop positive attitudes and interests in mathematics , look for patterns and relationships , spot connections , 'have a go' , talk to adults and peers about what they notice and not be afraid to make mistakes.

UNDERSTANDING THE WORLD RE / FESTIVALS Our RE Curriculum enables children to develop a positive sense of themselves and others and learn how to form positive and respectful relationships. They will begin to understand and value the differences of individuals and groups within their own community. Children will have opportunity to develop their emerging moral and cultural awareness.	Understanding the world involves guiding children to make sense of their physical world and their community . The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.

EXPRESSIVE ARTS AND DESIGN	<p>The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.</p> <p>Give children an insight into new musical worlds. Invite musicians in to play music to children and talk about it. Encourage children to listen attentively to music. Discuss changes and patterns as a piece of music develops.</p>
